

NEW! Dynamic series V2.0 Lite is of one of our newest web series that is especially designed for furniture and mattress retailers. Fully mobile in Responsive Design, this series can also participate in our optional Tailbase Commerce Shop.

The Dynamic series V2.0 Lite is now packaged with features that are a step up from our regular Dynamic series. With a larger homepage slideshow that allows for a greater number of ad banners, a second full width large ad banner and two small ad banner areas on the home page, you will be able to communicate your offers to a wide audience.

Designed for medium size retailers looking to grow their online presence and who want to be noticed as a serious player by local competitors.

Qualifying categories: CE - Major Appliances - Furniture - Mattresses.
